CHEHALIS BASIN LEVEL 1 ASSESSMENT

Primary Author: Joy Michaud (Envirovision)

Document Production: Sara Martin (Envirovision)

Geology: Bob Denman (WPN)

Hydrology: Karen Welch (WPN)

Water Right and Water Use: Joanne Greenburg (WPN)

Water Quality: Nancy Winters (SAIC) and Joy Michaud (Envirovision)

Fisheries: Jean Caldwell (WPN)

Mapping Support: Greg Konkle (NWGIS)

ACKNOWLEDGMENTS

The consultant team acknowledges the support and contributions from many people in numerous agencies and organizations located throughout the basin who provided information and direction. The Technical Advisory Committee and Citizens Advisory Committee to the Chehalis Basin Partnership were especially helpful in providing direction and review of the document. Much of the watershed description information was provided by the Chehalis River Council. Grays Harbor County provided additional help developing the document maps. Brady Engvall and J. Roach each made a special effort to meet with us to provide information or offered direct assistance to the project team.
